

IN THE CLAIMS:

Please substitute currently amended claim 73 for the same claim as previously amended in the Examiner's amendment.

Claims 1-72 (canceled)

Claim 73 (currently amended) A method for treating a spinal cord injury in a mammal, comprising administering a population of neuronal stem cells or progenitor cells obtained from ~~from~~ bone marrow of a first mammal treated with N-[4-[4-fluorophenyl)sulfonyl]phenyl]acetamide, and delivering the cells to the site of injury in the first mammal or in a second mammal in need thereof to treat said spinal cord injury.

Claim 74 (canceled)
